Blended Learning

This is an American Red Cross Lifeguarding Blended Learning course. Blended learning combines online learning with in-person skills sessions where you will practice skills and demonstrate competency. Once you pass the pre-course swim you will be emailed a link to the Red Cross Learning Center. Please plan to complete all eLearning modules, including the CPR/AED for Professional Rescuers and First Aid final eLearning exam, at least two days prior to your first in-person skills session. Most participants complete the eLearning portion of the course in approximately 7 hours.

Materials for Class

Participants must order their own current version (2017) of the Lifeguard Training Manual & an Adult CPR training mask prior to the first day of class from redcross.org or other online sources (prices may vary). Price does not include tax or shipping.

Participants will also need a swim suit for class. Girls will need a one piece or full coverage two-piece and for guys swim trunks.

Lifeguard Manual: \$34.99

CPR Pocket Mask: \$11.25
